“l) Protection, management and enhancement of blue and green infrastructure sites and assets including designated sites and Urban Greenspace Zones (see Map 17, policies map and policies GS1 to GS11) and the creation of new assets, especially where provision is low”

Change the name of Map 17 to Blue and Green Infrastructure as it is not a network and may be confused with the nature recovery network– make the blue infrastructure clearer (waterways are not showing up as they are also LWS) and add opportunity sites.

add new para as follows:

Identification, protection, enhancement and restoration of ecological networks: the Local Nature Recovery Network in line with the Local Nature Recovery Strategy/Nature

We support that the site at Storrs Lane in the Loxley Valley known as 'Hepworths' or 'East Works – Former Loxley Works' which was subject to an inappropriate planning application (Ref:20/01301/OUT which was refused by SCC and upheld by the Planning Inspector) is not allocated for housing.

Fully support that the site adjacent to J33 (on the west) of the M1 known as Smithy Wood has not been allocated for development. SRWT, along with many other local people and organisations spent 7 years protecting the site from an inappropriate development proposal for a Motorway Service Area, despite the site being in green belt and designated as a Local Wildlife Site due to its ancient woodland habitats.

Do not support the designation of SES03 as a traveller site. The traffic around Crystal Peaks and Drakehouse is awful most of the time, especially at rush hour and weekends. There is a Local High Pressure Gas main running through the site which I believe requires at least an 18m easement and there are also overhead power lines running across the site too.

This is in line with paragraph 101, 102 and 103 of the NPPF (July 2021). Specifically, the evidence provided for the designation as local green space by the community is fully in compliance with the requirements stated in NPPF paragraph 102.
