Do you consider the Local Plan complies with the duty to co-operate: No

Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate:

I am concerned that areas such as Greystones have a deteriorating bus service. The bus service needs to be improved for them and also for hospital visiting and appointments.

I am concerned that there will be too little disabled access to abbeydale road and ecclesall road shops. And that deliveries and pick ups of items will be very difficult.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above:

greystones needs to have better bus service.

hospital appointments and visits need to be better serviced by bus routes and frequent buses.

there should be access to disabled parking on abbeydale and ecclesall roads. Deliveries and pick ups of items need to be taken into account.

If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s):

Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate:

BG1 says that greenspaces will be protected from inappropriate build development. The word 'inappropriate' is too vague and allows for development that many would consider to be wrong.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above:

Green spaces should be protected from all built development unless there is some clear reason why the space would be enhanced by the particular development.
