This is to register my objections to the proposed Travellers/industrial site at Beighton. I live on The Hawthornes, so close to the proposed site and would feel particularly impacted.

Surely there is a case to not add to the already disproportionate social burden in the area as within a short walk there is:

Crystal Peaks

Drakehouse retail park

Beighton tip

St Ann's Court

Becton centre

Existing Halfway travellers site

Each of these has a negative impact on the residential area such as:

Traffic congestion

Air pollution

Litter from the ever increasing number of fast food takeaway around Crystal Peaks.

Queues at tip backing up onto the roundabout

Queues at drive throughs, including the soon to be Burger King onto the roundabout

High level of fly tipping due to frustrations queuing for tip

Furthermore, I regularly walk/run on the proposed site as do many people and am concerned about increase in noise, increase in litter and attack on the environment of that immediate area. Impact on local schools and other services

To even consider the travellers site so close to existing housing shows a complete lack of concern and understanding for the residents. The 2 current sites at Halfway and Lodge Moor are half the size of that proposed and away from existing housing. Any new site that takes these factors into consideration would be more appropriate. Most people, myself included, are/were unaware of the "Sheffield plan" and it was only recently when this local issue came to my attention that I became aware that the plan had been available for public viewing at various drop in centres around the city during January but unbelievably NOT in Beighton despite the contentious nature of the proposals.
