Do you consider the Local Plan is legally compliant: No

Do you consider the Local Plan is sound: No

Do you consider the Local Plan complies with the duty to co-operate: No

Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate:

This absolute and utter nonsense 'plan' is another reason why this feeble council is letting our city be left on the dust of others! We invest in projects to suit the attraction of students, put forward policy's and 'progression' plans to suit the needs of attracting people here! Instead of celebrating what Sheffield is, or at least was, we are now becoming a joke! These plans are not only poorly thought out, but they will further cripple this city! We need investment in roads, not cycle lanes, to take back control of public service from third party's, to plant more trees, to cut back on student accommodation, to further incentivise South Yorkshire residents to go to University here, to celebrate our steel heritage, to celebrate that football was born here, to invest in public spaces in all areas by just in areas accommodated by select

'community's'! Investment into green belt protection is needed, not 'strategic housing'

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above:

Scrap this nonsense! Send out surveys to every resident of this city, ask questions' ask what you think people from Sheffield think this city needs! Instead of believing you know best!

If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s):

No, I do not wish to participate in hearing session(s)

If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:
