Do you consider the Local Plan is legally compliant: No

Do you consider the Local Plan is sound: No

Do you consider the Local Plan complies with the duty to co-operate: No

Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate:

You are not acting like a democracy. You must contact each individual resident or business where parking will affect the community and take lead from THEIR response on the matter. You must back up your points with solid evidence. Remember you were heavy handed with chopping the trees down and now are claiming to care for the environment and parking. You must consider the long term impact parking restrictions have on businesses and emergency services. Legally it has to make sense. No inconsistencies.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above:

That is your role. An all round view; taking everyone's impact into consideration.

If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s):
