**Subject:** six fields to the west of Black Lane ,Loxley  
**Date:** 14 February 2023 15:49:40

---

The lower four fields have been designated ' Local Wildlife site'.

The two upper fields not so designated (Green Belt Only ) have recently been the subject of a planning application, refused for four detached houses .An appeal was also lost but the applicant has told me that she intends to apply again.

As there is no fundamental difference between the six fields, placing of the 'Wildlife ' designation on the two upper fields might offer further protection against this locally unpopular development.
