Crystal Peaks
Weatherspoons

Retail Park

All attract people to come to our area to go to these places. However it is now increasing more traffic up Sothall Green , Robin lane - it is causing some passing traffic and congestion in our streets that I don't feel is safe for local residents or children

Angry drivers are frustrated trying to find alternative routes always mean driving recklessly around our residential area.

Spring well is a lovely estate , they chose to live there with the enjoyment of the open air spaces behind them. I'm not quite so sure why a camp site/ industrial site is suitable there. What is the proposed access to reach that site , already with all the incoming/ outgoing traffic passing through from Eckington, Mosborough and A57 / M1

The potential biggest RISK is the safety of people. Police, Ambulance and Fire service could be delayed or prevented of reaching out Beighton Ward !!!

Privacy is important

Noise Pollution

CLEAN AIR ZONE. What is the point of introducing this in Sheffield City ? Beighton Ward will be seriously impacted by the additional pollution when we are based near Green Belt and wildlife

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above:

Clean Air Zone

Congestion Charge for non residents
